ACKNOWLEDGMENT OF COUNTRY

Our programming exists on what always was and always will be the land of the people of the Kulin nation. We pay our respects to Elders past, present and emerging, as well as to all Aboriginal and Torres Strait Islander people in the wider Melbourne community and beyond. Indigenous sovereignty has never been ceded in Australia and we try to be mindful of this in everything we do, given our focus on the modern built environment.
OUR PURPOSE

Open House Melbourne is an independent organisation that fosters public appreciation for architecture and public engagement in the future of our cities.

OUR GOAL

By empowering people with knowledge of the impact of good design decisions in our built environment, we help to ensure Victoria and its cities remain liveable and vibrant, now and in the future.

OUR WORK

We do this through the much-loved Open House Weekend in Melbourne, Ballarat and now Bendigo, where people come out to celebrate architecture and the city. Increasingly, we are tackling big city topics through major public talks, tours, and debates. In addition to the Weekends, we produce over 100+ special events annually that are designed to build a groundswell of interest in critical issues about our built environment.
2018 was another strong year in the evolution of Open House. We are eternally grateful to the people who make this a reality: our Partners and Sponsors, the hardworking Open House Melbourne Team, the volunteer Management Committee, the volunteer Building + Volunteer Councils, our wonderful and enormous group of dedicated Volunteers, our Building Hosts and our Program Partners.

Over the course of the year, we opened 250 buildings in Melbourne and regional Victoria, and delivered over 100 thought provoking events that contributed to our mission in advocating for better-designed cities.

A standout was the continued development of the regional program, with the inaugural Open House Bendigo in October this year. The Open House approach – free events celebrating engagement with architecture and providing a platform for discussion about the future city – proved more popular than ever with event-goers, local government and the media.

Regional events have been critical in building a sustainable staffing model, securing staff throughout the year and in full-time capacity. With a consistent staff presence, the team can continue to expand the public program and reach of the organisation.

Whilst another successful year financially for the organisation, developing a sustainable funding model as we grow is still a major focus. We currently enjoy continued support from various local and state government agencies but we are conscious these funding streams are reliant on policy initiatives and are often very competitive. Private sector funding is also a yearly challenge and an area that we are constantly developing.

To supplement these existing funding avenues, we have embarked on the development of a philanthropy strategy and stewardship plan. Philanthropic giving is a very specific area and requires careful and thoughtful engagement with possible trusts, foundations and individuals. This year, we engaged philanthropic consultants Filantropia to assist us in navigating this space. In a series of workshops, they produced a ‘compelling narrative’ and assisted us in interrogating why our organisation would be of interest to philanthropists. It was an incredibly important and insightful piece of work that helped us define our own mission and how we communicate that to others. 2019 will see the formal beginning of the organisation’s engagement with philanthropic groups and individuals.

In conjunction with philanthropic research, we also engaged Melbourne Business School’s Brand Expert Don O’Sullivan to assist us in investigating the benefits and the limits of Open House Melbourne as a brand. Through a series of intensive workshops, Don challenged us and led us through a series of complex discussions about our brand and intent. Don made it clear that the critical elements of Open House were that it was ‘open’ and that it was for the ‘public’. The use of ‘open’ is of great importance and value, and our initiatives should always be assessed through the filter of engaging with a public audience. Following the work with Don and Filantropia, the organisational language has been refined and we are working with Cornwell to review our brand framework. The outcome of this work will be presented in early 2019.

Open House is striving to be an employer of choice; our people are critical to our success. They are the touch point to our volunteers, stakeholders and audience. We recognise the importance of continued professional development, exposing our people to best practice thinking and thought leaders. In light of this, we were able to fund attendance at multiple international conferences in 2017 and 2018 including the Open House Worldwide Conference in London, where we presented our work in expanded programming and funding.

It has been a thoroughly enjoyable year, fuelled by people’s passion, talent, generosity, and sheer hard work. Following our ten-year anniversary, 2018 was about investing in Open House’s future as a fully-fledged public architecture organisation and we feel very fortunate to be part of its evolution.

Open House Melbourne
Open House Melbourne has grown up. In 2018, we stabilised the immense growth experienced in 2017 (doubling our budget and more than doubling our program output) and have worked hard to move people into full-time employment – one of the biggest challenges of running a small NFP is retaining great people when you can only offer temporary or part-time arrangements.

We have managed to secure three people in full-time employment this year, with the addition of a Program Coordinator to support the Business and Program Manager across all major programs.

The team's capacity is significantly expanded by the support provided from our organisational volunteers: the Management Committee and the Volunteer and Building Councils.

Each Management Committee member also sat on at least one of two working groups:

**BRAND**
Tim Leslie, Sally Dobell, Shaun Newing, Alison Cleary

**PHILANTHROPY**
Tim Leslie, Von Slater, Matthew Bowen, Danielle Johnston

**COMPOSITION**
It is proposed that the Management Committee move to a two-year term with the option to extend by one year (three years total) – this idea was put forward to ensure that members had sufficient time to understand the business and then be able to implement new initiatives. This also assists with staggering retirement dates, mitigating risk associated with loss of organisational knowledge.

In addition, the Management Committee is proposing to have eight members rather than seven members and to have an additional +one position, taking the board to nine, for a specialist member who will assist with key initiatives. The +one position will be a direct Management Committee appointment for one year duration and will not rely on nomination through the Association Members at the Annual General Meeting. The rationale for this is to allow for the Management Committee to fine tune the composition of the group to allow for focused initiatives. The Management Committee can elect to fill this position, or not, at their discretion. The timing of appointment is also at the discretion of the Committee and does not need to align with the AGM.

There is a strong desire for the Management Committee to grow to be a highly desirable not for profit board position, attracting top talent across industries. The current Committee are putting in place guidelines to assist in the future selection of members with the preference to move to a gender balance of 40/40/20 and with a variety of expertise.

We will be seeking to have members who have either: exceptional architectural knowledge, financial training, legal expertise, marketing experience and other core skills and play an active role in connecting Open House to appropriate opportunities.

**RETIRING MANAGEMENT COMMITTEE MEMBERS**
This year we have two members stepping down. We would like to sincerely thank both Sally and Danielle for volunteering their time and expertise to the Management Committee. It has been wonderful to work alongside them and to benefit from their insights. We wish them all the best with their future endeavors and hope they remain close to Open House over the future years – we will always welcome their contribution and support.

Sally Dobell
Sally has been one of the great advocates for Open House. As the CEO of Cornwell, Sally has been providing significant graphic design support and brand strategy for Open House on a pro-bono basis. As a Management Committee member she has graciously hosted and led numerous strategy workshops at her studio and is always considering new partnerships and alignments for the organisation. She is enthusiastic, strategic and inclusive – her knowledge of business as a CEO has also been of great benefit. It has been a delight to work with Sally and she will be greatly missed from the board table. Sally has kindly offered to continue the re-brand exploration throughout 2019.

Danielle Johnston
Danielle has been closely linked with Open House from the very beginning, introducing Tim Leslie to Steven Cornwell, which led to the start of pro-bono relationship with Cornwell. Danielle led the Future Focus Group and was a great inspiration to our founding team, providing networks, strategy and support in our infancy. As a Management Committee member, Danielle has always been willing to assist in whatever capacity including attendance at all our public facing functions to ensure Management Committee representation. She is kind, fair and thoughtful and provides a graceful balance to debate around the board room table.
We could not do what we do without the generous support from our partners, many of whom have been with us since the beginning. Their continued investment provides the foundation for considered growth in organisational capacity and program reach.

2018 INITIATIVES AND IMPROVEMENTS

BRAND REVIEW
We are uniquely positioned to take the lead on public engagement, discourse and debate in architecture and urban planning in Victoria. With this ambition in mind, and for the organisation to continue to grow in line with the strategic vision including growth and diversity in funding, it is critical we review our brand position. Open House has evolved from the Weekend only event into an organisation that runs year-round programming on a broad range of city-making topics and issues. With this evolution comes the challenge of shifting audience and stakeholder perception.

The Brand Working Group has been exploring the following options under the guidance of Don O’Sullivan, a brand expert from the Melbourne Business School who has been working with Open House in a pro bono capacity.

1. Continue expanding operation under Open House Melbourne/no change
2. Tweak Open House Melbourne to Open Melbourne/Architecture and strengthen sub-brands for program elements e.g. Open Talks, Open Tours, Open House Weekend, etc
3. Umbrella brand plus Open House Melbourne e.g. Open House Melbourne, presented by City Architecture Foundation/Centre, etc
4. Completely new brand

The Working Group ruled out option 4 (completely new brand) due to the goodwill built up in Open House Melbourne and the connection to the Worldwide Network.

Focusing on ‘open’ would amplify our public focus and work. Don thought emphasising our openness – open access to sites and knowledge and open debate and discussion – would be the best outcome. The Brand Working Group is continuing the review in partnership with Cornwell and will finalise the direction early in 2019.
FOCUS ON PHILANTHROPY
We engaged the support of Filantropia, a consultancy focused on philanthropy. Through a series of workshops with the Philanthropy Working Group, Filantropia developed the compelling narrative Open House will use to engage with donors, particularly high net worth (HNW) philanthropists.

The compelling narrative work will underpin our future fundraising campaigns. Filantropia has also provided advice on how to successfully engage with HNW philanthropists and how to develop sustainable relationships through donor stewardship efforts.

Whilst developing relationships with philanthropists can be a lengthy process, developing the giving strategy and donor stewardship plan is a critical focus for the 2019 Management Committee and Executive Director.

MEMBERSHIP
Subscribing to Kevin Kelly’s 1000 True Fans theory (see kk.org/thetechnium/1000-true-fans), we launched a membership program prior to the July program, successfully exceeding our target of 75 memberships (family and individual).

Member benefits included:

— A limited-edition 300+ page Open House Weekend printed program
— A Members-only preview of a new Open House Weekend building, hosted in July prior to the Weekend – this was hosted at Australia 108 by FKA
— A Members-only special building tour, hosted after the July Weekend – this was hosted at Kiah House by Austin Maynard Architects

A target of 150 Members is set for 2019, but more importantly, retention of existing Members is our primary focus.

INVESTMENT IN PROFESSIONAL DEVELOPMENT AND NETWORK DEVELOPMENT
With the significant growth in the budget in 2017 (and continued in 2018), the team were able to travel to two important conferences that provided professional and network development opportunities:

— In February 2018, Tim Leslie (self-funded), Emma Telfer and Victoria Bennett attended the Open House Worldwide Conference in London where Emma presented Melbourne’s approach to expanded programming and fundraising. Feedback was very positive, with many cities citing Melbourne as a point of inspiration.
— In November 2017 and 2018, Emma Telfer travelled to the Association of Architecture Organisations Conference in Chicago and Seattle where she gained invaluable insight into affordable housing/social equity programming and learnt from others running organisations with a similar focus.

We also continued our Committee for Melbourne NFP membership, Open House Worldwide Network membership, and we are considering joining the the Association of Architecture Organisations Network in 2019.

PROGRAM IMPACT STUDY
We have partnered with researchers at the University of Melbourne, led by Dr Ryan Perry at the Faculty of Business and Economics, to investigate the impact of our events on attendees and the broader community. It is proposed that strong and positive opportunities for civic engagement – through public events like Open House – confer positive effects on both wellbeing and social attitudes about the broader community and the city.

INITIAL FINDINGS
People that feel satisfied with the relationships they have in their city are more likely to stay informed of events, volunteer, and participate. They also believe that these forms of civic-engagement are important. In part, this happens through a process of feeling solidarity with other Melburnians.

Those with higher relationship satisfaction were also more likely to enjoy their experience of Open House, and this too was associated with valuing civic-engagement.

BUILDING AND VOLUNTEER COUNCIL
Improvements made to the structure of the Building and Volunteer Councils in 2018 include the appointment of Chair positions and creation of the Building Council Operations Manual, bringing both groups closer aligned.

FINDING A HOME FOR OPEN HOUSE
A focus for 2018 was looking into options for a new home for Open House. Not only do we need more office space, we are also looking for a publicly accessible home that will act as a shopfront for our programs. We are currently speaking with the National Trust about a sub-lease of a terrace in the Tasma Terrace complex and potentially in partnership with Uro Publishing.

Computer equipment was purchased to replace personal laptop use and further office furniture upgrades are planned once a new home is settled.

PRECINCT PARTNER PROGRAM
We improved the Precinct Partnership program and we welcomed the City of Greater Dandenong, City of Maribyrnong, La Trobe University and Monash University as Precinct Partners. Monash University presented an impressive program across two campuses (37 sites), making up over half of the new buildings to this year’s program.
OVERVIEW

2018 was the most extensive year-round program in Open House Melbourne’s history. The program calendar launched with the Apple in Federation Square debate in February, event clusters in March for Melbourne Design Week, the second series of Naked Architect workshops, a month-long festival of architecture in July, inaugural Open House Bendigo in October and closing with the MPavilion Slide Night programming in December.

We launched the Open House Members program with a preview tour of Australia 108 in July and tour of Kiah House in November. We coordinated a weekend of tours at Willsmere, with a full day reserved for Open House Volunteers.

2018 program highlights include:

APPLE IN FED SQUARE DEBATE
450 ATTENDEES
LIVE STREAMED
On 13th February, in partnership with the Property Institute of Australia, Australian Institute of Architects, and the Australian Institute of Landscape Architects, Open House Melbourne held a public debate exploring the decision to demolish the Yarra Building at Federation Square to make way for an Apple ‘Flagship’ Store, the first in Australia. The topics were passionately debated by all speakers, addressing everything from civic and cultural impacts, to the architecture itself, and the economic impacts upon Federation Square and Victoria.

OPEN STATE, MELBOURNE DESIGN WEEK
20 SITES
54 EVENTS
891 ATTENDEES
Open State revealed and celebrated a network of leading Victorian design innovators including commissioners of design, designers, design studios, design researchers, design educators, and manufacturers. Each innovator’s design story acted as a catalyst to explore a broad range of associated topics that considered the impact of design on the State and its citizens.

NAKED ARCHITECT
5 WORKSHOPS
16 PEOPLE ATTENDED FULL SERIES
35 ATTENDED SINGLE SESSIONS
5 FILMED INTERVIEWS DISTRIBUTED ONLINE TO INCREASE THE REACH
We hosted the second season of The Naked Architect: a guide to commissioning and working with a residential architect, presented by the ARBV and produced in partnership with ArchiTeam. Using the Open House model of direct experience of good design, workshop attendees were treated to a series of five sessions in architect-designed homes where all key stages of the design and build process were unpacked.

EXPANDED JULY PROGRAM
4,357 PEOPLE PARTICIPATED IN 30 TALKS, EXHIBITIONS AND SCREENINGS AS PART OF OUR EXPANDED JULY PROGRAM
The expansion of our program into a fully-fledged festival of architecture and the city is probably the biggest highlight in 2018. Within the program itself, the Australian Ugliness, a major new video work and installation by Eugenia Lim and WOWOWA, was also a highlight.

In partnership with the Heritage Council of Victoria, we continued our important work in documenting the stories of some of our most significant modernist architects and designers with the Modern Melbourne Series, which formed part of the Modernism at the Movies program with ACMI. The theme of modernism also played out across the Heritage Council’s Heritage Address, with comedian and advocate Tim Ross presenting his personal view on mid-century heritage to a sold-out crowd at Deakin Edge.

The Living Cities Forum – a partnered forum with Naomi Milgrom Foundation and Creative Victoria – allowed us to deep dive into critical city issues with a number of leading international designers and thinkers. Along with Living Cities Forum, we hosted a number of public talks including the enduring ARBV Speaker Series, where six architects and design professionals presented game-changing projects to a full house at Deakin Edge.

OPEN HOUSE WEEKENDS
The heart of our program continues to be the Open House Weekend in Melbourne and now in Ballarat and Bendigo.

OPEN HOUSE MELBOURNE WEEKEND

MEDIA CAMPAIGN GENERATED PR VALUE OF $760,209 AND REACH OF 3,189,781

ONLINE PROGRAM
Over 180,000 people (unique visitors) access the website on an annual basis. To harness this important audience, we continued to document our major talks and Naked Architect series through video and live streams, and we expanded our documentary-style interviews with new Modern Melbourne interviews with Phyllis Murphy and Allan Powell.

Further filmed interviews and a new podcast series ‘This is Public’ are in the works for 2019.
Our three most powerful marketing communications activities were the media campaign, managed by partners Zilla & Brook, our website, managed by Cornwell + Efront, and our email database.

Our media campaign generates high visibility for our programs, generating $9,646,656 in PR value in Melbourne (an increase of 53% from 2017) and $760,209 total PR value in Bendigo.

Increasing the profile of the Management Committee and Team is critical in realising our ambition as a leading public-facing architecture organisation. We have taken on numerous speaking engagements and media interviews as a profile raising exercise including:

**TIM LESLIE**

- Moderated 2018 Open House Speaker Series

- Launched Modern Melbourne screening at ACMI for July Program
- Opened Apple in Fed Square Debate
- Multiple TV, radio and print interviews – see media reports

In addition, Victoria Bennett and Brianna Carroll are now taking media interviews with cultural focused outlets/publications. We are currently looking into formal media training to support their development in this space.
Our Team and Volunteer Council made significant improvements to our volunteer management process, with a refined approach to recruitment, training, recognition and reward, resulting in an 8% increase in future volunteer participation.

Improvements included:

— Total re-structure and improvements to training venue, content and additional building tour increased attendance and satisfaction compared to 2017. Training was held over four sessions at the Immigration Museum with 472 attendees, 85% attendance rate. Up from 2017 training with around 60% attendance.

— Continued improvements to communications and user experience through software Rosterfy saw 60% of 2017 return in 2018, an increase of 6% form 2016/17.

— Of the volunteers, 99% said they would volunteer again (an increase of 8% from 2017) and 81.4% reported that they were either very or extremely satisfied with their Open House Melbourne volunteer experience.

Open House programs would not be possible without the extraordinary commitment of our volunteers.

Notes to the Financial Statements  
For the year ended 30 September 2018

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements are special purpose financial statements prepared in order to satisfy the financial reporting requirements of the Australian Charities and Not-For-Profits Commission (ACNC) Act 2012. The committee has determined that the association is not a reporting entity.

The financial statements have been prepared on an accruals basis and are based on historic costs and do not take into account changing money values or, except where stated specifically, current valuations of non-current assets.

The following significant accounting policies, which are consistent with the previous period unless stated otherwise, have been adopted in the preparation of these financial statements.

(a) Income Tax

The Association is exempt from income tax under sub-division 50-B of the Income Tax Assessment Act 1997.

(b) Plant and Equipment

All plant and equipment are measured at cost and depreciated over their useful lives to the association.

Depreciation

The depreciable amount of all fixed assets, including capitalised lease assets, is depreciated on a diminishing value method over the asset’s useful life to the association commencing and adjusted if appropriate at the end of each reporting period. An asset’s carrying amount is written down immediately to its recoverable amount if the asset’s carrying amount is greater than its estimated recoverable amount.

(c) Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with other receivables or payables in the statement of financial position.

(d) Cash and cash equivalents

Cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

(e) Interest

Interest revenue is recognised on a receipt basis.

(f) Other Revenue

Other revenue including sponsorship income is recognised when it is received or when the right to receive payment is established.

The committee has determined that the association is not a reporting entity and that this special purpose financial report should be prepared in accordance with the accounting policies outlined in Note 1 to the financial statements.

In accordance with a resolution of the committee of Open House Melbourne Inc., the members of the committee declare that the financial statements and notes as set out on pages 3 to 9:

1. Present fairly the financial position of Open House Melbourne Inc as at 30 September 2018 and its performance for the year then ended in accordance with the accounting policies described in Note 1 to the financial statements and the requirements of the Australian Charities and Not-For-Profits Commission (ACNC) Act 2012; and

2. At the date of this statement there are reasonable grounds to believe that Open House Melbourne Inc will be able to pay its debts as and when they fall due.

This statement is signed for and on behalf of the committee by:

INDEPENDENT REVIEW REPORT
TO OPEN HOUSE MELBOURNE INC
ABN 68 295 482 310

We have reviewed the accompanying special purpose financial statements of OPEN HOUSE MELBOURNE INC, which comprises the Statement of Financial Position as at 30th September 2018, Statement of Profit or Loss and Other Comprehensive Income, Statement of Changes in Equity and Statement of Cash Flows for the period then ended, and notes comprising a summary of significant accounting policies and other explanatory information and the Committee’s Report.

Responsibility of the Committee for the Financial Report

The Committee of the registered entity are responsible for the preparation of the financial report that gives a true and fair view and have determined that the basis of preparation described in Note 1 to the financial report is appropriate to meet the requirements of the Australian Charities and Not-For-Profits Commission Act 2012 (ACNC Act). The Committees’ responsibility also includes such internal control as the Committee determine is necessary to enable the preparation of a financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Our responsibility

Our responsibility is to express a conclusion on the financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2415 Review of a Financial Report: Company Limited by Guarantee or an Entity Reporting under the ACNC Act or Other Applicable Legislation or Regulation, in order to state whether, on the basis of the procedures described, anything has come to our attention that causes us to believe that the financial report does not satisfy the requirements of Division 60 of the ACNC Act including; giving a true and fair view of the Entity’s financial position as at 30th September 2018 and its performance for the year ended on that date; and complying with the Australian Accounting Standards and the Australian Charities and Not-for-profits Commission Regulation 2013. ASRE 2415 requires that we comply with the ethical requirements relevant to the review of the financial report.

A review of a financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, which is not an audit, nothing has come to our attention that causes us to believe that the financial report of Open House Melbourne Inc does not satisfy the requirements of Division 60 of the Australian Charities and Not-for-profits Act 2012, including:
a. giving a true and fair view of the entity’s financial position as at 30th September 2018 and of its financial performance and cash flows of the year ended on that date, and

b. complying with Australian Accounting Standards to the extent described in note 1, Division 60 of the Australian Charities and Not-for-profits Commission Regulation 2013.

**Basis of Accounting**

Without modifying our conclusion, we draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial report has been prepared for the purpose of fulfilling the responsible entity’s financial responsibilities under the ACNC Act. As a result, the financial statements may not be suitable for another purpose.
